

MATRIX

7.4kW AC CHARGER (Single Gun)

OVERVIEW

Our **7.4 KW AC EV Charger** with multiway connectivity and having highly accurate metering capabilities

Compliant to world-class standards

of EV communication protocols like **OCPP1.6J**. We are work bound to deliver best service and management solution for your needs.

FEATURES

- OCPP1.6 Compliant
- Under & over current/voltage protection
- Emergency Stop
- Firmware over the air
- Earth fault protection
- In-built metering capabilities
- Multi-way user connectivity (WiFi/LTE/Ethernet)
- Authentication based on RFID scan
- Configuration based on mobile application
- User friendly graphical display
- Smart Charging for load management

SPECIFICATIONS

Power	upto 7.4kW
Display	128x64 graphical display
Input Voltage	230V
No. of Output	1
Output Current	32Amp
Output charging outlet	32 Amp Type 2 IEC 62196-2 Gun
Communication protocol	OCPP1.6J
Communication network	LTE/Wifi/Ethernet
Metering	Internal metering
Protection	Over/Under Voltage, Over current, Short Circuit protection, Earth detection, Leakage protection.
Advance Features	Mobile application, FOTA, Offline data logging, Smart Charging & RGB status LED
Charging operation	CMS web, app and RFID Scan code based.
